Medical Privacy Statement: It is the policy of University of Illinois Extension 4-H Youth Development Programs to keep any medical information it may have regarding Youth Development program participants confidential. However, there may be time in which such medical information will be needed and may need to be shared with others. Examples of sharing might include: providing information to medical personnel in the event of an emergency so that a youth may be treated; providing information to University staff or volunteers who are coordinating specific events in the case of a request for reasonable accommodation; and providing information to chaperones or host families who are re-sponsible for the health and safety of program participants at a specific event. Except in the case of emergency, prior to sharing any medical information, it may have with those external to the University, Extension, or 4-H, every effort will be made to get the permission of the program participant or parent or guardian. As a parent or guardian, I understand that if a serious illness/injury develops, medical or hospital care will be given. I further understand that in case of serious illness/injury, I will be notified. However, if it is impossible to contact me, I give my permission for emergency treatment, x-ray or surgery, as recommended by an attending physician. I also understand that any accident insurance in effect for the event, does not cover pre-existing conditions or self-inflicted injuries. I understand this insurance also may not cover all expenses and I will be responsible for payment of any expenses over and above the coverage provided.
